2. Hazards Identification

| Physical hazards                          | Not classified.                           |
| Health hazards                            | Not classified.                           |
| Environmental hazards                     | Not classified.                           |
| OSHA defined hazards                      | Not classified.                           |
| Label elements                            |                                            |
| Hazard symbol                             | None.                                     |
| Signal word                               | None.                                     |
| Hazard statement                          | The mixture does not meet the criteria for classification. |
| Precautionary statement                   |                                            |
| Prevention                                | Observe good industrial hygiene practices. |
| Response                                  | If skin irritation occurs, discontinue use. |
| Storage                                   | Store away from incompatible materials.    |
| Disposal                                  | Dispose of waste and residues in accordance with local authority requirements. |
| Hazard(s) not otherwise classified (HNOC) | None known.                               |
| Supplemental information                   | Not applicable.                           |

3. Composition/Information on Ingredients

| Mixture                                    |                                            |
| Composition comments                       | Not applicable to notified cosmetics. Refer to product label for ingredient content. |

4. First Aid Measures

| Inhalation                                 | If symptoms develop move victim to fresh air. If symptoms persist, obtain medical attention. |
| Skin contact                               | In case of skin irritation, discontinue use of product. |
| Eye contact                                | Rinse with water. Get medical attention if irritation develops and persists. |
| Ingestion                                  | Rinse mouth. If ingestion of a large amount does occur, call a poison control center immediately. |
| Most important symptoms/effects, acute and delayed | Direct contact with eyes may cause temporary irritation. |
| Indication of immediate medical attention and special treatment needed | Treat symptomatically. |
| General information                        | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. |

5. Fire Fighting Measures

| Suitable extinguishing media               | Treat for surrounding material. |
| Unsuitable extinguishing media             | None known.                    |
Specific hazards arising from the chemical

During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters

Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Fire-fighting equipment/instructions

Move containers from fire area if you can do so without risk.

Specific methods

Use standard firefighting procedures and consider the hazards of other involved materials.

General fire hazards

No unusual fire or explosion hazards noted.

Hazardous combustion products

None known.

Explosion data

Sensitivity to mechanical impact

Not available.

Sensitivity to static discharge

Not available.

6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up

This product is miscible in water. Stop the flow of material, if this is without risk. Wipe up with absorbent material (e.g. cloth, fleece). Following product recovery, flush area with water.

Environmental precautions

Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

Avoid discharge into drains, water courses or onto the ground.

7. Handling and Storage

Precautions for safe handling

Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Store in original tightly closed container.

8. Exposure Controls/Personal Protection

Occupational exposure limits

No exposure limits noted for ingredient(s).

Biological limit values

No biological exposure limits noted for the ingredient(s).

Appropriate engineering controls

General ventilation normally adequate.

Individual protection measures, such as personal protective equipment

Eye/face protection

Not normally needed.

Skin protection

Not normally needed.

Hand protection

As required by employer code.

Other

Not normally required.

Respiratory protection

Not applicable.

Thermal hazards

General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice.

9. Physical and Chemical Properties

Appearance

Viscous

Physical state

Liquid.

Form

Cream

Color

Off white

Odor

Fruity

Odor threshold

Not available.

pH

Not available.

Melting point/freezing point

Not available.

Initial boiling point and boiling range

212 °F (100 °C)

Pour point

Not available.

Specific gravity

0.97
### 10. Stability and Reactivity

**Reactivity**
None known.

**Possibility of hazardous reactions**
No dangerous reaction known under conditions of normal use.

**Chemical stability**
Material is stable under normal conditions.

**Conditions to avoid**
Excessive heat.

**Incompatible materials**
None known.

**Hazardous decomposition products**
No hazardous decomposition products are known.

### 11. Toxicological Information

**Information on likely routes of exposure**

- **Ingestion**
  Expected to be a low ingestion hazard.

- **Inhalation**
  No adverse effects due to inhalation are expected.

- **Skin contact**
  No adverse effects due to skin contact are expected.

- **Eye contact**
  Direct contact with eyes may cause temporary irritation.

**Symptoms related to the physical, chemical and toxicological characteristics**
Direct contact with eyes may cause temporary irritation.

**Information on toxicological effects**

- **Acute toxicity**
  Not classified.

- **Skin corrosion/irritation**
  Prolonged skin contact may cause temporary irritation.

  **Exposure minutes**
  Not available.

  **Erythema value**
  Not available.

  **Oedema value**
  Not available.

- **Serious eye damage/eye irritation**
  Direct contact with eyes may cause temporary irritation.

  **Corneal opacity value**
  Not available.

  **Iris lesion value**
  Not available.

  **Conjunctival reddening value**
  Not available.

  **Conjunctival oedema value**
  Not available.

  **Recover days**
  Not available.

- **Respiratory or skin sensitization**
  Not classified.

- **Respiratory sensitization**
  Not classified.

- **Skin sensitization**
  This product is not expected to cause skin sensitization.
Germ cell mutagenicity: No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

Mutagenicity: No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

Carcinogenicity: This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

Reproductive toxicity: This product is not expected to cause reproductive or developmental effects.

Teratogenicity: Not classified.

Specific target organ toxicity - single exposure: Not classified.

Specific target organ toxicity - repeated exposure: Not classified.

Aspiration hazard: Not classified.

Chronic effects: Not classified.

Further information: This product has no known adverse effect on human health.

Name of Toxicologically Synergistic Products: Not available.

12. Ecological Information

Ecotoxicity: The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Persistence and degradability: No data is available on the degradability of this product.

Bioaccumulative potential: No data available.

Mobility in soil: No data available.

Mobility in general: Not available.

Other adverse effects: No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal Considerations

Disposal instructions: Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

Local disposal regulations: Dispose in accordance with all applicable regulations.

Hazardous waste code: The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

Waste from residues / unused products: Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging: Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

14. Transport Information

U.S. Department of Transportation (DOT): Not regulated as dangerous goods.

Transportation of Dangerous Goods (TDG - Canada): Not regulated as dangerous goods.

15. Regulatory Information

Canadian federal regulations: This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations.

US federal regulations:

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130): Not regulated.

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List: Not regulated.
Superfund Amendments and Reauthorization Act of 1986 (SARA)

SARA 302 Extremely hazardous substance: No
SARA 311/312 Hazardous chemical: No
SARA 313 (TRI reporting): Not regulated.

Other federal regulations
- Food and Drug Administration (FDA): Not regulated.

US state regulations
- California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

US. Massachusetts RTK - Substance List: Not regulated.
US. Rhode Island RTK: Not regulated.

Disclaimer

The information in the sheet was written based on the best knowledge and experience currently available. Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this document.

Issue date 09-September-2014
Effective date 01-September-2014
Expiry date 01-September-2017

For an updated SDS, please contact the supplier/manufacturer listed on the first page of the document.

Prepared by Dell Tech Laboratories, Ltd. Phone: (519) 858-5021

This Safety Data Sheet was prepared to comply with the current OSHA Hazard Communication Standard (HCS) adoption of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS).
This SDS conforms to the ANSI Z400.1/Z129.1-2010 Standard.
